Week 7: Working out the budget

What you will need:

- Paper or white board
- Pen or white board pen

Instructions:

1. Draw a table with 3 columns.
2. Label the first column 'course', the second column 'item' and the third column 'price'.
3. Fill in the table with the course, items needed for each course, and the price for each item in the correct columns.
4. Total up the prices for each course.
5. Then add together the total price for each course to get your overall budget!
