## FROM SON TO SLAVE

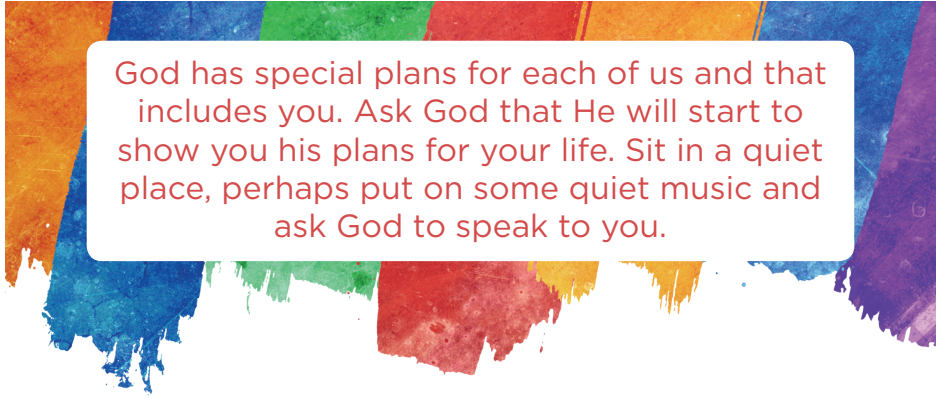

It must have been difficult for Joseph. He thought he was better than his brothers. His father had given him an amazing coat to show how special Joseph was. Now everything has changed. Joseph is left down a well and is going to be sold into slavery.

The dreams Joseph had were just the start of his journey of living the dream (Genesis 37: 1-25).

*What do you think Joseph might be thinking as he sits in the well?*

*What do you think the brothers were feeling as they saw Joseph leaving?*

God has special plans for each of us and that includes you. Ask God that He will start to show you his plans for your life. Sit in a quiet place, perhaps put on some quiet music and ask God to speak to you.

Write or draw what you think God said to you. You might want to share this with your family so that they can pray for you.
